Woodhill School Child Protection Policy

Policy Statement

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all children. We make every effort to provide a safe and welcoming environment underpinned by a culture of openness where both children and adults feel secure, able to talk and believe that they are being listened to. We maintain an attitude of "it could happen here" where safeguarding is concerned. The purpose of this policy is to provide staff, volunteers and governors with the framework they need in order to keep children safe and secure in our school and to inform parents and guardians how we will safeguard their children whilst they are in our care. Specific guidance is available to staff within the procedure documents.

Definitions

Within this document:

Child protection is an aspect of safeguarding, but is focused on how we respond to children who have been significantly harmed or are at risk of significant harm.

The term *staff* applies to all those working for or on behalf of the school, full time or part time, in either a paid or voluntary capacity. This also includes parents and governors.

Child refers to all young people who have not yet reached their 18 birthday. On the whole, this will apply to pupils of our school; however the policy will extend to visiting children and students from other establishments

Parent refers to birth parents and other adults in a parenting role for example adoptive parents, step parents, guardians and foster carers.

Abuse could mean neglect, physical, emotional or sexual abuse or any combination of these. Parents, carers and other people can harm children either by direct acts and / or failure to provide proper care. Explanations of these are given within the procedure document.

Aims

- To provide staff with the framework to promote and safeguard the wellbeing of children and in so doing ensure they meet their statutory responsibilities.
- To ensure consistent good practice across the school.
- To demonstrate our commitment to protecting children.

Principles and Values

- Children have a right to feel secure and cannot learn effectively unless they do so.
- All children have a right to be protected from harm.
- All staff have a key role in prevention of harm and an equal responsibility to act on any suspicion or disclosure that may indicate a child is at risk of harm, either in the school or in the community, taking into account the fact that **any** children **can** be at risk, in accordance with the guidance.
- We acknowledge that working in partnership with other agencies protects children and reduces risk and so we will engage in partnership working throughout the child protection process to safeguard children.
- Whilst the school will work openly with parents as far as possible, it reserves the right to contact Children's Social Care or the police, without notifying parents if this is believed to be in the child's best interests.

Leadership and Management

We recognise that staff anxiety around child protection can compromise good practice and so have established clear lines of accountability, training and advice to support the process and individual staff within that process.

In this school **any** individual can contact the Designated Safeguarding Lead (DSL) or the Deputy if they have concerns about a young person.

DSL is *The Head Teacher, Mr M Dacombe* and the Deputy DSL is Miss Kelly (Dacombe).

There is a nominated safeguarding governor, ***Mr Brian Smith***, who will take leadership responsibility for safeguarding. The safeguarding governor, Mr Smith¹, will receive reports of allegations against the headteacher and act on the behalf of the governing body

We comply with the “Disqualification under the childcare act 2006” guidance issued in February 2015.

Training

All staff in our school are expected to be aware of the signs and symptoms of abuse and must be able to respond appropriately.

Training is provided as required but at least every three years. Separate training is provided to all new staff on appointment as part of the induction process. The DSL will attend training at least every other year to enable them to fulfil their role.

Any update in national or local guidance will be shared with all staff in briefings and then captured in the next whole school training. This policy will be updated during the year to reflect any changes brought about by new guidance.

Referral

Following any concerns raised, the DSL will assess the information and consider if significant harm has happened or there is a risk that it may happen. If the evidence suggests the threshold of significant harm, or risk of significant harm has been reached, or if it is not clear if the threshold is met, then the DSL will contact Children’s Social Care and if appropriate the police. If the DSL is not available or there are immediate concerns, the staff member will refer directly to Children’s Social Care and the police if appropriate.

Generally the DSL will inform the parents prior to making a referral. However there are situations where this may not be possible or appropriate, particularly when informing parents/carers may place the child at further risk

N.B. The exception to this process will be in those cases of known FGM where there is a mandatory requirement for the teacher to report directly to the police. The DSL should also be made aware.

Confidentiality

- We maintain that all matters relating to child protection are to be treated as confidential and only shared as per the ‘Information Sharing Advice for Practitioners’ (DfE 2015) guidance
- There is a lawful basis for child protection concerns to be shared with agencies who have a statutory duty for child protection.
- Information will be shared with individuals within the school who ‘need to know’.
- All staff are aware that they cannot promise a child to keep a disclosure confidential.

¹ The safeguarding governor, Mr Smith, is the person on the board best qualified to receive allegations against the Head Teacher.

As a school we will educate and encourage pupils to keep safe through:

- The content of the curriculum
- A school ethos which helps children to feel safe and able to talk freely about their concerns, believing that they will be listened to and valued.

Dealing with allegations against staff

If a concern is raised about the practice or behaviour of a member of staff this information will be recorded and passed to the head teacher, Mr Dacombe. The Local Authority Designated Officer (LADO) will be contacted and the relevant guidance will be followed

If the allegation is against the headteacher, the person receiving the allegation will contact the LADO or the safeguarding governor, Mr Smith directly.

Dealing with allegations against pupils

If a concern is raised that there is an allegation of a pupil abusing another pupil within the school, the 'Peer on Peer Abuse' guidance will be followed (Annex 6)

Date reviewed by governing body:

Roles and responsibilities within Woodhill school

Staff responsibilities

All staff have a key role to play in identifying concerns early and in providing help for children. To achieve this they will:

- Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to.
- Ensure children know that there are adults in the school who they can approach if they are worried or have concerns.
- Plan opportunities within the curriculum for children to develop the skills they need to assess and manage risk appropriately and keep themselves safe.
- Attend training in order to be aware of and alert to the signs of abuse.
- Maintain an attitude of “it could happen here” with regards to safeguarding.
- Record their concerns if they are worried that a child is being abused and report these to the DSL as soon as practical that day. If the DSL is not contactable immediately a Deputy DSL should be informed
- Be prepared to refer directly to social care, and the police if appropriate, if there is a risk of significant harm and the DSL or their Deputy is not available.
- Follow the allegations procedures (Annex 5) if the disclosure is an allegation against a member of staff.
- Follow the procedures set out by the HSCB and take account of guidance issued by the DfE.
- Support pupils in line with their child protection plan.
- Treat information with confidentiality but never promising to “keep a secret”.
- Notify the DSL or their Deputy of any child on a child protection plan or child in need plan who has unexplained absence.
- Have an understanding of early help, and be prepared to identify and support children who may benefit from early help.
- Liaise with other agencies that support pupils and provide early help.
- Ensure they know who the DSL and Deputy DSL are and know how to contact them.
- Have an awareness of the Child Protection Policy, the Behaviour Policy, the Staff Behaviour Policy (or Code of Conduct), procedures relating to the safeguarding response for children who go missing from education and the role of the DSL.

Senior Management Team responsibilities:

- Contribute to inter-agency working in line with Working Together to Safeguard Children 2018 guidance
- Provide a co-ordinated offer of early help when additional needs of children are identified
- Ensure staff are alert to the various factors that can increase the need for early help (*para 18 KCSiE 2018*)
- Working with Children’s Social Care, support their assessment and planning processes including the school’s attendance at conference and core group meetings.
- Carry out tasks delegated by the governing body such as training of staff, safer recruitment and maintaining a single central register.
- Provide support and advice on all matters pertaining to safeguarding and child protection to all staff regardless of their position within the school.
- Treat any information shared by staff or pupils with respect and follow agreed policies and procedures.
- Ensure that allegations or concerns against staff are dealt with in accordance with guidance from Department for Education (DfE), Hampshire Safeguarding Children Board (HSCB).
-

From KCSIE 18

What school and college staff should look out for:

18. Any child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a child who:

- is disabled and has specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- is frequently missing/goes missing from care or from home;
- is misusing drugs or alcohol themselves;
- Is at risk of modern slavery, trafficking or exploitation;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- has returned home to their family from care;
- is showing early signs of abuse and/or neglect;
- is at risk of being radicalised or exploited;
- is a privately fostered child.

Governing body responsibilities

- Ensure the school has effective safeguarding policies and procedures including a Child Protection Policy, a Staff Behaviour Policy or Code of Conduct, a Behaviour Policy and a response to children who go missing from education.
- Ensure HSCB is informed in line with local requirements about the discharge of duties via the annual safeguarding audit
- Recruitment, selection and induction follows safer recruitment practice including all appropriate checks.
- Allegations against staff are dealt with by the headteacher. Allegations against the headteacher are dealt with by the Safeguarding Governor.
- A member of the Senior Leadership Team is appointed as Designated Safeguarding Lead (DSL) and has this recorded in their job description
- Staff have been trained appropriately and this is updated in line with guidance
- Any safeguarding deficiencies or weaknesses are remedied without delay
- A nominated governor for safeguarding is identified

DSL responsibilities *(to be read in conjunction with DSL role description in KCSiE Annex B)*

In this school the DSL is *Mr Mike Dacombe*

The Deputy DSL Miss Kelly (Dacombe)

In addition to the role of all staff and the senior management team the DSL will

- Refer cases to social care, and the police where appropriate, in a timely manner avoiding any delay that could place the child at more risk.
- Assist the Governing Body in fulfilling their safeguarding responsibilities set out in legislation and statutory guidance
- Attend appropriate training and demonstrate evidence of continuing professional development to carry out the role.
- Ensure every member of staff knows who the DSL and the Deputy are, have an awareness of the DSL role and know how to contact them.
- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and responsibility for referring any concerns about a child to the DSL and concerns about an adult to the Headteacher.

- Ensure whole school training occurs regularly with at least annual updates so that staff and volunteers can fulfil their responsibilities knowledgeably.
- Ensure any members of staff joining the school outside of the agreed training schedule receive induction prior to commencement of their duties
- Keep records of child protection concerns securely and separately from the main pupil file and use these records to assess the likelihood of risk
- Ensure that safeguarding records are transferred accordingly (separate from pupil files) and in a timely fashion when a child transfers school
- Ensure that where a pupil transfers school and is on a child protection plan or is a child looked after, their information is passed to the new school immediately and that the child's social worker is informed. Consideration is given to a transition meeting prior to moving if the case is complex or on-going.
- Be aware of the training opportunities and briefings provided by HSCB to ensure staff are aware of the latest local guidance on safeguarding
- Develop, implement and review procedures in the school that enable the identification and reporting of all cases, or suspected cases, of abuse
- Meet any other expectations set out for DSLs in KCSiE 2018

Woodhill School Child Protection Procedures

Overview

The following procedures apply to all staff working in the school and will be covered by training to enable staff to understand their role and responsibility.

The aim of our procedures is to provide a robust framework which enables staff to take appropriate action when they are concerned that a child is being harmed or is at risk of harm.

The prime concern at all stages must be the interests and safety of the child. Where there is a conflict of interest between the child and an adult, the interests of the child must be paramount.

All staff are aware that very young children with those with disabilities, special needs or with language delay may be more likely to communicate concerns with behaviours rather than words. Additionally staff will question the cause of knocks and bumps in children who have limited mobility.

If a member of staff suspects abuse, spots signs or indicators of abuse, or they have a disclosure of abuse made to them they must:

1. Make an initial record of the information
2. Report it to the DSL immediately
3. The DSL will consider if there is a requirement for immediate medical intervention, however urgent medical attention should not be delayed if the DSL is not immediately available (see point 8 below)
4. Make an accurate record (which may be used in any subsequent court proceedings) as soon as possible and within 24 hours of the occurrence, of all that has happened, including details of:
 - Dates and times of their observations
 - Dates and times of any discussions in which they were involved.
 - Any injuries
 - Explanations given by the child / adult
 - What action was taken
 - Any actual words or phrases used by the child

The records must be signed and dated by the author before being securely stored.

5. In the absence of the DSL or their Deputy, be prepared to refer directly to Children's Social Care (and the police if appropriate) if there is the potential for immediate significant harm

Following a report of concerns the DSL must:

1. Decide whether or not there are sufficient grounds for suspecting significant harm in which case a referral must be made to Children's Social Care and the police if it is appropriate
2. Normally the school should try to discuss any concerns about a child's welfare with the family and where possible to seek their agreement before making a referral to Children's Social Care. However, in accordance with DfE guidance, this should only be done when it will not place the child at increased risk or could impact a police investigation. The child's views should also be taken into account.
3. If there are grounds to suspect a child is suffering, or is likely to suffer, significant harm the DSL (or Deputy) must contact Children's Social Care via the Children's Reception Team (CRT) on 01329 225379 and make a clear statement of:

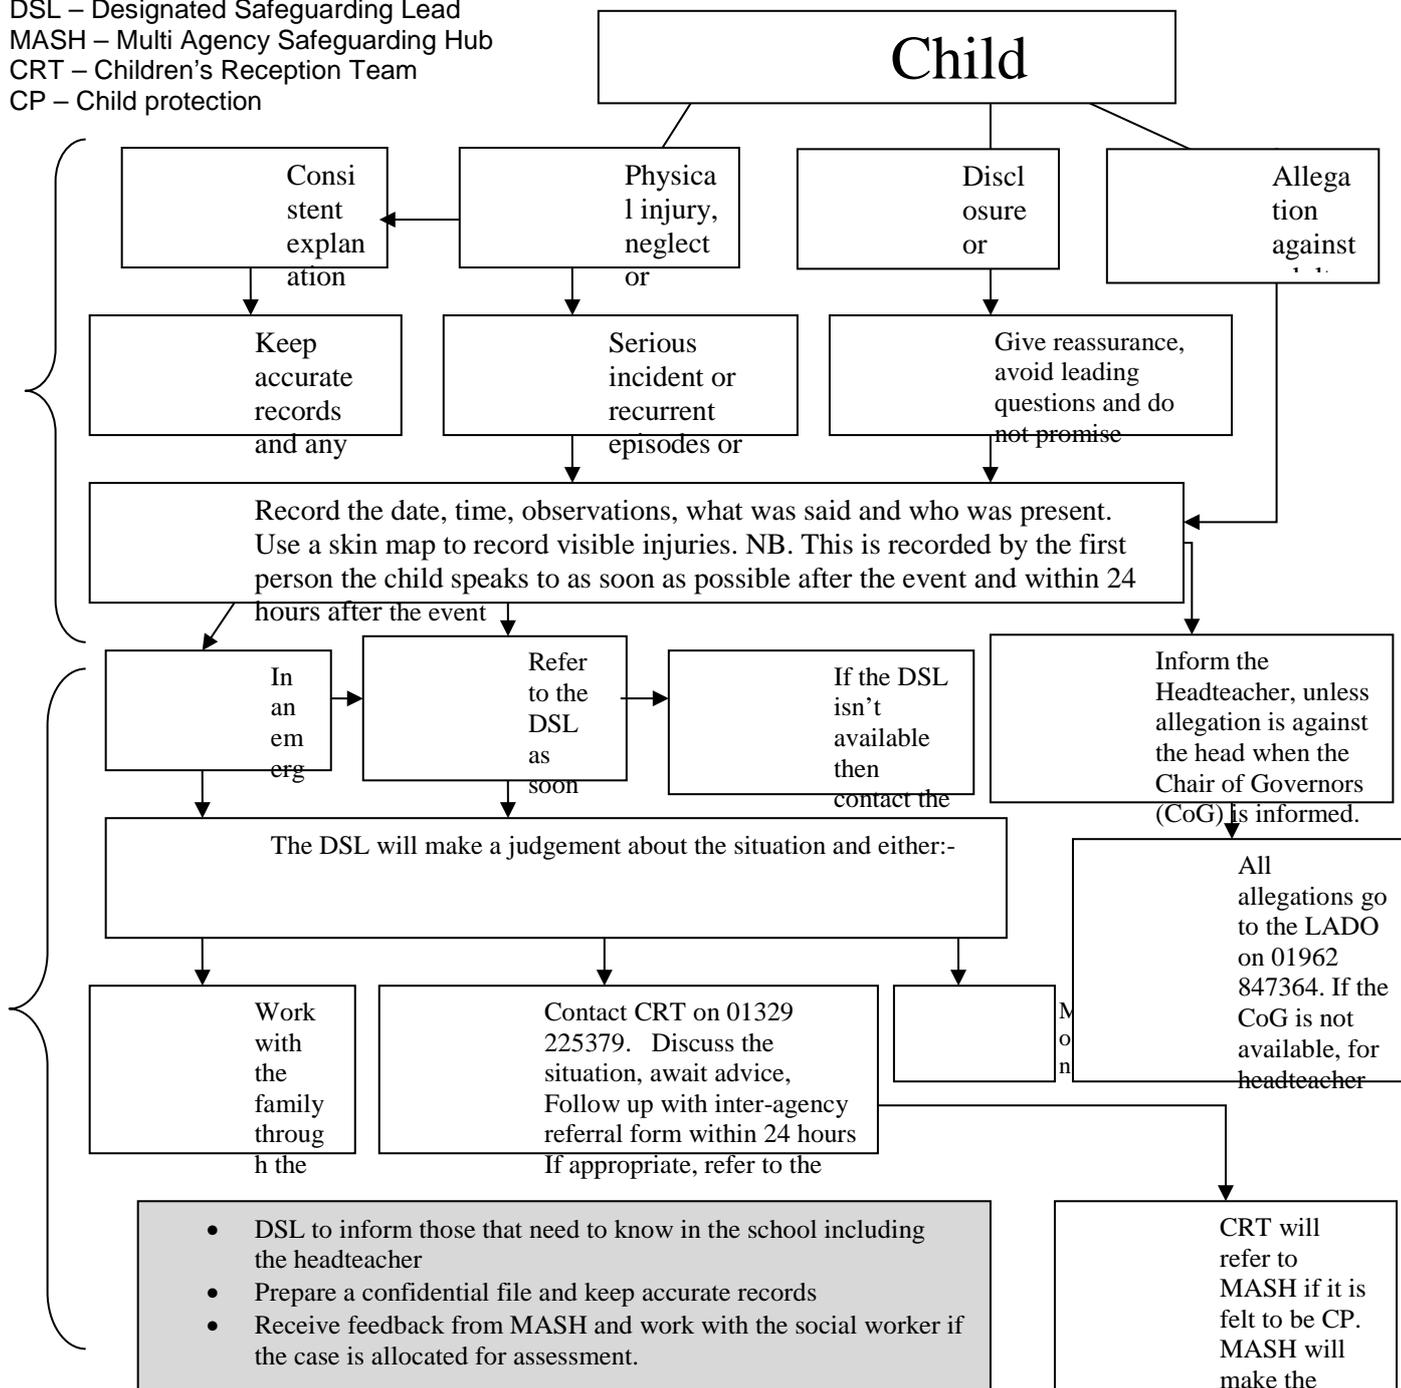

- the known facts
- any suspicions or allegations
- whether or not there has been any contact with the child's family

If the DSL feels unsure about whether a referral is necessary they can phone CRT to discuss concerns

4. If there is not a risk of significant harm, the DSL will either actively monitor the situation or consider the Early Help process
5. The DSL must confirm any referrals in writing to Children's Social Care, within 24 hours, including the actions that have been taken. The written referral must be made using the Inter-Agency Referral Form (IARF) which will provide Children's Social Care with the supplementary information required about the child and family's circumstances. (IARF can be accessed at the following page <https://www.hants.gov.uk/socialcareandhealth/childrenandfamilies/contacts>)
6. If a child is in immediate danger and urgent protective action is required, the police must be called. The DSL must also notify Children's Social Care of the occurrence and what action has been taken
7. Where there are doubts or reservations about involving the child's family, the DSL should clarify with Children's Social Care or the police whether the parents should be told about the referral and, if so, when and by whom. This is important in cases where the police may need to conduct a criminal investigation.
8. When a pupil is in need of *urgent* medical attention and there is suspicion of abuse the DSL or their Deputy should take the child to the accident and emergency unit at the nearest hospital, having first notified Children's Social Care. The DSL should seek advice about what action Children's Social Care will take and about informing the parents, remembering that parents should normally be informed that a child requires urgent hospital attention.

Any additional information:

Dealing with disclosures

All staff should:

A member of staff who is approached by a child should listen positively and try to reassure them. They cannot promise complete confidentiality and should explain that they may need to pass information to other professionals to help keep the child or other children safe. The degree of confidentiality should always be governed by the need to protect the child.

Additional consideration needs to be given to children with communication difficulties and for those whose preferred language is not English. It is important to communicate with them in a way that is appropriate to their age, understanding and preference.

All staff should know who the DSL is and who to approach if the DSL is unavailable. Ultimately, all staff have the right to make a referral to the police or social care directly and should do this if, for whatever reason, there are difficulties following the agreed protocol, e.g. they are the only adult on the school premises at the time and have concerns about sending a child home.

Guiding principles, the seven R's

Receive

- Listen to what is being said, without displaying shock or disbelief
- Accept what is said and take it seriously
- Make a note of what has been said as soon as practicable

Reassure

- Reassure the pupil, but only so far as is honest and reliable
- Don't make promises you may not be able to keep e.g. 'I'll stay with you' or 'everything will be alright now' or 'I'll keep this confidential'
- Do reassure e.g. you could say: 'I believe you', 'I am glad you came to me', 'I am sorry this has happened', 'We are going to do something together to get help'

Respond

- Respond to the pupil only as far as is necessary for you to establish whether or not you need to refer this matter, but do not interrogate for full details
- Do not ask 'leading' questions i.e. 'did he touch your private parts?' or 'did she hurt you?' Such questions may invalidate your evidence (and the child's) in any later prosecution in court
- Do not ask the child why something has happened.
- Do not criticise the alleged perpetrator; the pupil may care about him/her, and reconciliation may be possible
- Do not ask the pupil to repeat it all for another member of staff. Explain what you have to do next and whom you have to talk to. Reassure the pupil that it will be a senior member of staff

Report

- Share concerns with the DSL as soon as possible
- If you are not able to contact your DSL or the Deputy, and the child is at risk of immediate harm, contact the children's services department directly
- If you are dissatisfied with the level of response you receive following your concerns, you should press for re-consideration

Record

- If possible make some very brief notes at the time, and write them up as soon as possible
- Keep your original notes on file
- Record the date, time, place, persons present and noticeable nonverbal behaviour, and the words used by the child. If the child uses sexual 'pet' words, record the actual words used, rather than translating them into 'proper' words
- Complete a body map to indicate the position of any noticeable bruising
- Record facts and observable things, rather than your 'interpretations' or 'assumptions'

Contextual Safeguarding:

Safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between children outside the school or college. All staff, but especially the designated safeguarding lead (or deputy) should be considering the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare. Children's social care assessments should consider such factors so it is important that schools and colleges provide as much information as possible as part of the referral process. This will allow any assessment to consider all the available evidence and the full context of any abuse.

Remember

- Support the child: listen, reassure, and be available
- Complete confidentiality is essential. Share your knowledge only with appropriate professional colleagues
- Try to get some support for yourself if you need it

Review (led by DSL)

- Has the action taken provided good outcomes for the child?
- Did the procedure work?
- Were any deficiencies or weaknesses identified in the procedure? Have these been remedied?
- Is further training required?

What happens next?

It is important that concerns are followed up and it is everyone's responsibility to ensure that they are. The member of staff should be informed by the DSL what has happened following the report being made. If they do not receive this information they should be proactive in seeking it out.

If they have concerns that the disclosure has not been acted upon appropriately they might inform the Safeguarding Governor of the school and/or may ultimately contact the Children's Services Department.

Receiving a disclosure can be upsetting for the member of staff and schools should have a procedure for supporting them after the disclosure. This might include reassurance that they have followed procedure correctly and that their swift actions will enable the allegations to be handled appropriately.

In some cases additional counselling might be needed and staff should be encouraged to recognise that disclosures can have an impact on their own emotions.

Allegations against adults who work with children

Procedure

This procedure should be used in all cases in which it is alleged a member of staff or volunteer in a school, or another adult who works with children has:

- **behaved in a way that has harmed a child, or may have harmed a child;**
- **possibly committed a criminal offence against or related to a child; or**
- **behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children**

In dealing with allegations or concerns against an adult, staff must:

- Report any concerns about the conduct of any member of staff or volunteer to the Headteacher as soon as possible
- If an allegation is made against the Headteacher, the concerns need to be raised with the Safeguarding Governor as soon as possible. If the Safeguarding Governor is not available, then the LADO should be contacted directly.
- There may be situations when the Headteacher or Safeguarding Governor will want to involve the police immediately if the person is deemed to be an immediate risk to children or there is evidence of a possible criminal offence.
- Once an allegation has been received by the Headteacher or Safeguarding Governor they will contact the LADO on 01962 876364 or child.protection@hants.gov.uk as soon as possible and before carrying out any investigation into the allegation other than preliminary enquiries.
- Inform the parents of the allegation unless there is a good reason not to

In liaison with the LADO, the school will determine how to proceed and if necessary the LADO will refer the matter to Children's Social Care and/or the police.

If the matter is investigated internally, the LADO will advise the school to seek guidance from their personnel/HR provider in following procedures set out in chapter 4 of 'Keeping Children Safe in Education' (2018) and the HSCB procedures http://4lscb.proceduresonline.com/hampshire/p_alleg_against_staff.html.

Sexual violence and sexual harassment between children in schools and colleges

Peer on Peer Abuse – Policy.

KSCIE 18**Peer on peer abuse**

89. **All** staff should recognise that children are capable of abusing their peers. All staff should be clear about their school or college's policy and procedures with regard to peer on peer abuse.

90. Governing bodies and proprietors should ensure that their child protection policy includes:

- procedures to minimise the risk of peer on peer abuse;
- how allegations of peer on peer abuse will be recorded, investigated and dealt with;
- clear processes as to how victims, perpetrators and any other child affected by peer on peer abuse will be supported;
- a clear statement that abuse is abuse and should never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”;
- recognition of the gendered nature of peer on peer abuse (i.e. that it is more likely that girls will be victims and boys perpetrators), but that all peer on peer abuse is unacceptable and will be taken seriously; and
- the different forms peer on peer abuse can take, such as:
 - sexual violence and sexual harassment. Part 5 of this guidance sets out how schools and colleges should respond to reports of sexual violence and sexual harassment;
 - physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm;
 - sexting (also known as youth produced sexual imagery): the policy should include the school or college's approach to it. The department provides searching screening and confiscation advice for schools. The UK Council for Child Internet Safety (UKCCIS) Education Group has published advice for schools and colleges

Context

Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment as well as their emotional well-being. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and offline (both physically and verbally) and

are never acceptable. It is important that all victims are taken seriously and offered appropriate support.

Reports of sexual violence and sexual harassment are extremely complex to manage. It is essential that victims are protected, offered appropriate support and every effort is made to ensure their education is not disrupted. It is also important that other children, adult students and school and college staff are supported and protected as appropriate.

Policy

We believe that all children have a right to attend school and learn in a safe environment. Children should be free from harm by adults in the school and other children.

We recognise that children are capable of abusing their peers and this will be dealt with under our child protection policy and in line with KCSiE (2018)

We are clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up

We will minimise the risk of peer on peer abuse by:-

Prevention:

- Taking a whole school approach to safeguarding & child protection
- Providing training to staff
- Providing a clear set of values and standards, underpinned by the school's behaviour policy and pastoral support system, and by a planned programme of evidence based content delivered through the curriculum.
- Engaging with specialist support and interventions.

Responding to reports of sexual violence and sexual harassment:

- Children making a report of sexual violence or sexual harassment will be taken seriously, kept safe and be well supported.
- If the report includes an online element staff will be mindful of the Searching, Screening and Confiscation: advice for schools (DfE 2018) guidance.
- Staff taking the report will inform the DSL or their Deputy as soon as practicably possible but at least within 24 hours.
- Staff taking a report will never promise confidentiality.
- Parents or carers will normally be informed (unless this would put the child at greater risk).
- If a child is at risk of harm, is in immediate danger, or has been harmed, a referral will be made to Children's Social Care (01329 225379).

Risk Assessment:-

Following a report the DSL will make an immediate risk and needs assessment on a case-by-case basis.

The Risk assessment will consider;

- The victim, especially their protection and support.
- The alleged perpetrator, their support needs and any discipline action.
- All other children at the school.

- The victim and the alleged perpetrator sharing classes and space at school.

The risk assessment will be recorded and kept under review.

Where there has been other professional intervention and/or other specialist risk assessments, these professional assessments will be used to inform the school's approach to supporting and protecting pupils.

Action: The DSL will consider:-

- The wishes of the victim.
- The nature of the incident including whether a crime has been committed and the harm caused.
- Ages of the children involved.
- Developmental stages of the children.
- Any power imbalance between the children.
- Any previous incidents.
- Ongoing risks.
- Other related issues or wider context.

Options: The DSL will manage the report with the following options:-

- Manage internally
- Early Help
- Refer to Childrens Social Care
- Report to the police (generally in parallel with a referral to Social Care)

Ongoing Response:

- The DSL will manage each report on a case by case basis and will keep the risk assessment under review.
- Where there is a criminal investigation into a rape, assault by penetration or sexual assault, the alleged perpetrator should be removed from any classes they share with the victim.
- The DSL will consider how best to keep the victim and perpetrator a reasonable distance apart on school premises and on transport where appropriate.
- Where a criminal investigation into a rape or assault by penetration leads to a conviction or caution, the school will take suitable action. In all but the most exceptional of circumstances, the rape or assault is likely to constitute a serious breach of discipline and lead to the view that allowing the perpetrator to remain in the same school or college would seriously harm the education or welfare of the victim (and potentially other pupils or students).
- Where a criminal investigation into sexual assault leads to a conviction or caution, the school or college will, if it has not already, consider any suitable sanctions in light of their behaviour policy, including consideration of permanent exclusion. Where the perpetrator is going to remain at the school or college, the principle would be to continue keeping the victim and perpetrator in separate classes and continue to consider the most appropriate way to manage potential contact on school and college premises and transport. The nature of the conviction or caution and wishes of the victim will be especially important in determining how to proceed in such cases.

- The victim, alleged perpetrator and other witnesses (children& adults) will receive appropriate support and safeguards on a case-by-case basis.
- The school will take any disciplinary action against the alleged perpetrator in line with behaviour and discipline in schools.
- The school recognises that taking disciplinary action and providing appropriate support are not mutually exclusive actions and will occur at the same time if necessary.

Physical Abuse

While a clear focus of peer on peer abuse is around sexual abuse and harassment, physical assaults and initiation violence and rituals from pupils to pupils can also be abusive.

These are equally not tolerated and if it is believed that a crime has been committed, will be reported to the police.

The principles from the anti-bullying policy will be applied in these cases, with recognition that any police investigation will need to take priority.
